

Comprehensive Istitute II

Udine

Rules of Procedure to avoid the spreading of the Covid-19

Explanations in english language.

To the parents nursery school's children

1. Every morning measure your body temperature: if it's more than 37,5 you must stay home.
2. Children with flu symptoms like cough, cold or fever, will not be allow to enter school.
3. Children will enter or exit only on the entrances and exit points shown by the teachers.
4. You have to always be on time. The entrance time is from 7:50 to 8:50. At 8:50 the entrances will be closed.
5. You have to be on time also on the way out!
6. Every chil wil be accompanied by only **one parent.**
7. The entrance in school will be allowed to the other parent only in exceptional circumstances, he will have to fill a self-certification, wear a mask, and take the body temperature.
8. Is prohibited to bring to school personal toys or any other materials. The sharing of material is not allowed.
9. All the communications will be done through the online record, or on the microsoft teem accounts. Ask your login details to the teachers if you don't have them.
10. If your are absent for more than 3 days in school because of illness, you will need to handle a medical certificate when you come back to school.
11. In case of absence because of personal reasons, the parent will need to present a self-certification where he declares under his own reponsability that, the child was absent due to personal reasons and not because of illness.
12. You have to communicate to the Istitute 3 phones number to which will always answer somebody.
13. If your children feel unwell in school, the teachers will call you to come and take them. After that you have to call the pediatician and explain the situation to him. The coming back to school will be possible only with a medical certificate.
14. The use of **handkerchiefs or cloth towels is not accepted.**

Material to bring to school:

- Closed slippers (they should remain in school)
- School apron (to leave in school in a closed plastic baggie. You will take it home on Friday to wash).
- Hand sanitizer
- Disinfecting napkins
- Tissues papers
- Paper towels
- Single-use bibs
- Paper glass.

VERY IMPORTANT: the family should collaborate with the school keeping a proper behaviour, paying good attention to his children's health.
